**ELECTION WITH TRAVERSE**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This is in response to the requirement for restriction under 35 U.S.C. 121 mailed from the U.S. Patent and Trademark Office on July 7, 2003, which sets a one month period for response until August 7, 2003.

Applicants note that this response is being submitted prior to the expiration of the initial due date of August 7, 2003, whereby an extension of time and an extension of time fee are not required for maintaining the pendency of the application. However, if any government fees are required for maintaining the pendency of this application, including any extension of time fees, this response expressly requests and authorizes that any such required fee be charged to Deposit Account No. 19-0089.

Reconsideration and withdrawal of the requirement for restriction are respectfully requested in view of the remarks which follow:

### **RESTRICTION REQUIREMENT**

The Examiner has required restriction to one of the following inventions under 35 U.S.C. 121:

- I. Claims 1 and 2, drawn to a process, classified in class ~~26~~4, subclass 211+.
- II. Claims 2 (apparently claim 3), drawn to a polyester fiber, classified in class 428, subclass 395.

### **ELECTION**

In order to be responsive to the requirement for restriction, Applicants elect the invention set forth in Group I, claims 1 and 2, with traverse.

### **TRAVERSE**

Notwithstanding the election of the claims of Group I in order to be responsive to the Restriction Requirement, Applicants respectfully traverse the Examiner's requirement for restriction.

Initially, it is noted that the requirement for restriction omits one of the two criteria of a proper requirement as now established by U.S. Patent and Trademark Office policy, as set forth in MPEP 803, viz. that "an appropriate explanation" must be advanced by the Examiner as to the existence of a "serious burden" if a restriction were not required. Due to the aforementioned omission, it is respectfully submitted that the requirement for restriction is improper and, consequently, its withdrawal is respectfully requested.

Related to this, the requirement is traversed since there would not appear to be a serious burden to examine Applicants' application in total, and for which the appropriate claim fees have been paid. Applicants submit that it would be no serious burden on the Examiner to examine all of the pending claims, because a search for all of the claims in the above-identified application, should be made in order to do a complete and thorough search in view of the recognized relationship between the claims in Groups I and II. In particular, the treated cord is include in a claim that is dependent upon claim 1 which is included in the Group I claims.

In view of the foregoing, it is respectfully requested that the Examiner seriously reconsider the requirement for restriction, and withdraw the same so as to give an examination on the merits on all of the claims pending in this application.

#### CONCLUSION

For the reasons discussed above, it is respectfully submitted that the requirement for restriction is improper and should be withdrawn.

Withdrawal of the requirement for the restriction with the examination of all claims pending in this application is respectfully requested.

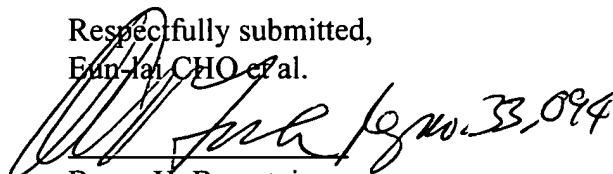

Favorable consideration with early allowance of the pending claims is most earnestly requested.
